"TRAMPS" in different States, with the scenes, characters, incidents, events, sprees, and adventures, with which I have met, or in which I have participated, including one year spent at sea and three years in the United States Army, in war service. I have had vicissitudes and troubles enough to try any man's soul, and almost ruin his understanding; and now that I am waxing old, and my thread of life is nearly spun out, I take this method of trying to get something that will make all my latter days last in comfort to the end.

My "Tramps" will form a neat volume of one hundred pages, at least, which will be furnished to subscribers hereto at fifty cents, and will be issued as soon as the subscriptions will justify.

My old shop-mates, members of the craft, and others, I trust, will "occasion" for me by subscribing to this. Friends to whom this prospectus is sent are requested to procure subscribers and forward their names to

TESTIMONY F. M. NORTH CAROLINA.

Certificate of Dr. W. Smith, of Pine Hill, Rich mond County, North Carolina.

PINE Hill, March 4, 1854.

Dean Sir. Thave been a subject of Dyspepsia, in its worst form, for the last five years. Such was my condition for twelve months that the physicians and all who saw me said I must die. While in this condition, I was carried to the watering places in Virginia, Tennessee, and North Carolina, but was not benefited by any water to which I was taken. While on my way home, I stopped a week at Rutherfordton, a small village in North Carolina, to try the effect of some Chalybeate water in that place. About the last of the week I went into a drug store to get some medicine for my child and myself. There were several of this village physicians in the store, and one of them seemed to take some interest in my case, and, after asking me some questions, said he had been a dyspeptic, and had been greatly benefited by the use of "Hooland's German Editers," prepared by yea, and he insisted that I would try the Ritters. He also called the next day at my room, and insisted so much that I would try then that I asked him to get me one battle. He did it, and I commenced taking it as directed, and I was more benefited by it than all the water and medicine I had ever taken.

After reaching home, one of my neighbors came to me for a prescription and medicine, (he a dyspeptic,) and I gave him nearly all the Bitters I had lett, which effected much good in his case. He has often called on me for more of the same kind of medicine, saying he was more benefited by it than any other he had taken, at I have not been able to get any more for him or myself since. Will you, therefore, please ship me a dozen or more as soon as possible.

Respectfally, yours,

D. B. Hooker, Roger's Store, Wake county, North Carolina October.

D. B. Hooker, Roger's Store, Wake county, North Carolina, October 24, 1855, says:

"Having experienced very great benefit from the use of Hooffland's German Bitters, in Chronic Dysentery and Functional Derangement of the Liver, and its concomitant exils, I am desirous of obtaining a quantity of it for the benefit of my community. You will, therefore, please send a lot, &c."

A New and Spicedid Large Oven, Flat Top COOKING STOVE: CALLACHER'S SUNKISE AIR-Tight,

Stove, just out.

It is only necessary to say, that after very many years of experience, and being fully conversant with all of the various kinds of Stoves which have been invented on the down-draft 'inciple, that I have taken advantage of every well- own improvement that has from time to time been made, particularly in reference to the formation and construction of the flues, which are always necessary to be large, and I have fully applied every improvement and combined them all in the "Sunrise Air-Tight Cooking Stove." This Stove is made very heavy, and is a good subs antial article; I have made thein oxtra beary in all the parts where long experience has proved it to be important, and I can assure my customers that I have spared neither pains nor expense in getting itrip; and it will not be excelled by any stove now known of a similar character; I am on-vinced that it will at once become a standard Stove.

Thave fully tried them in every way, with WOOD and COAL, and strongly re ommend them to the public. They operate to the most satisfactory manner.
